

Game Court Hall of Shame - Page 1 of 2

Our competitors always try to under-sell us, but they will NEVER out-perform a genuine Sport Court® game court.

The photos below represent two game courts from our competitors that have FAILED! The ball bounce might be a bit erratic on these courts... don't you think?

Don't buy junk! Insist on genuine Sport Court® products.

Game Court Hall of Shame - Page 2 of 2

There's an old East Coast saying that goes; "If you buy junk, you will always have junk". Sure you can save a few bucks buying our competitor's products, and your game court will look very... uhh... colorful, except you won't be able to play on it!

This game court has so many wrinkles we really don't need to point them out!

Don't buy junk! Insist on genuine Sport Court® products.
